In the event the selected Bidder's proposal includes services provided by another firm, it shall be mandatory for the selected Bidder to assume full responsibility for the delivery for such items offered in the proposal. Public Officers' Law § 73 bars former State officers and employees from appearing, practicing, or rendering any services for compensation in relation to any matter before their former State agency for a period of two years from their date of termination. N. Vendor Responsibility Questionnaire

State agencies are required under State Finance Law § 163 (3) (a) (ii), to ensure that contracts are awarded to responsible vendors. Such requirements include, but are not limited to, the Bidder's qualifications, financial stability, and integrity. The Vendor Responsibility Questionnaire is required for contracts \$100,000 and over. OPWDD will require a complete Vendor Responsibility Questionnaire with your bid proposal if the contract resulting from this procurement is valued at \$100,000 and over. Vendors/not-for-profit provider agencies are able to file the Vendor Responsibility Questionnaire (VRQ) online via the New York State VendRep System or may choose to complete and submit a paper questionnaire. To enroll in and use the New York State VendRep System, see the www.osc.state.ny.us/vendrep.

O. Health Information Portability and Accountability Act (HIPAA)

The Federal Department of Health and Human Services (HHS) established HIPAA Standards for Privacy of Individually Identifiable Health Information (The Privacy Rule). The Privacy Rule (45 CFR Part 160 and Subparts A and E of Part 164) provides the first comprehensive federal protection for the privacy of health information. The Privacy Rule is carefully balanced to provide strong privacy protections that do not interfere with patient access to, or the quality of, health care delivery. HIPAA has an impact upon how OPWDD and contractors will deal with protected health information of our consumers. Likewise, State Mental Hygiene Law § 33.13 requires disclosure of clinical records to be limited to that information necessary for health care providers to administer treatment.

P. General Duties and Additional Responsibilities

Maintain a level of cooperation with OPWDD necessary for the proper performance of all contractual responsibilities. Agree that no aspect of bidder performance under the Agreement will be contingent upon State personnel, or the availability of State resources, with the exception of all proposed actions of the bidder specifically identified in the Agreement as requiring OPWDD's approval, policy decisions, policy approvals, exceptions stated in the Agreement or the normal cooperation which can be expected in such a contractual relationship or the equipment agreed to by OPWDD as available for the project completion. Cooperate fully with any other contractor that may be engaged by OPWDD. Agree to meet periodically with OPWDD representatives to resolve issues and problems. Recognize and agree that any and all work performed outside the scope of the Agreement or without consent of OPWDD shall be deemed by OPWDD to be gratuitous and not subject to charge by the bidder.

Q. NYS Information Security Breach and Notification Act (NYS Technology Law, § 208)

“Contractor shall comply with the provisions of New York State Information Security Breach and Notification Act (General Business Law § 889-aa; State Technology Law § 208). Contractor’s negligent or willful acts or omissions, or the negligent or willful acts or omissions of Contractor’s agents, officers, employees, or subcontractors.”

The “New York State Information Security Breach and Notification Act” requires entities that conduct business with New York State and own or license “private” data to notify state residents affected by any security breach that results in unauthorized acquisition of the data. “Private” data is defined as unencrypted computerized information that can identify the individual, combined with one of the following data elements: (a) social security number, (b) driver’s license or non-driver identification number” or (c) financial account information such as credit card or debit cards numbers in combination with access codes or PIN numbers. (Private data is considered unencrypted when either identifying information or the data element is not encrypted or is encrypted with a key that has been acquired).

The Act authorizes the State Attorney General to sue a business violating the statute in order to recover damages for actual costs or losses, including consequential financial losses incurred by persons entitled to notification. If a business engages in knowing or reckless violations, the court can impose a civil penalty of the greater of \$5,000 or \$10 per instance of failed notification up to \$150,000. The remedies provided by this section shall be addition to any lawful remedy available, possibly permitting private actions.

15. Consumer Safety Information

OPWDD provides services to individuals exhibiting Pica, which is a medical disorder characterized by an appetite for largely non-nutritive substances, e.g., cigarette butts, paper, gum, etc. Attention to the sanitation and cleanliness of the areas surrounding OPWDD's state operated program sites and residential buildings is very important to the health and safety of those we serve. Please ensure care is taken to properly dispose of cigarette butts and rubbish while on OPWDD property.

OPWDD property has special receptacles for cigarette butt disposal. Contractor and subcontractor employees shall use these receptacles and throw trash in garbage cans or dumpsters. Compliance with this policy is appreciated.

16. Consultant Disclosure

Effective June 19, 2006, contractors doing business with the State of New York in a "consulting" capacity will be required to file forms disclosing, by employment category, the number of persons employed by them and their subcontractors (if any) as a consulting firm or an individual consultant; the number of hours worked; and the monetary compensation received from the State of New York for work performed by these employees. Reporting will be required via the utilization of two separate forms – "Form A" and "Form B".

In general, however, Form A is to be completed once upon initial contract award and is used to report "planned employment". Form B is required annually and reports on "actual employment figures" for the preceding state fiscal year. The New York State fiscal year commences on April 1st and concludes on March 31st.

17. Evaluation Criteria: Method of Award

OPWDD will select the responsible and responsive Bidder that will provide the lowest Total Annual Estimated Combined Cost.

Only proposals judged to be responsive to the submission requirements set forth in this IFB will be evaluated. Any alteration of the Cost Proposal Form may result in disqualification of the bid. OPWDD reserves the right to reject any and all offers.

The Cost Proposal Form provides estimated labor hours and parts costs. These are estimates only. Payment will be made on actual services rendered.

Total Annual Inspection and Preventative Maintenance Service cost (D) is calculated by multiplying the Per Event Inspection and Preventative Maintenance Service cost (A) by the Annual Frequency (B) to get the Annual Cost per Generator (C). Then calculate the sum of column (C) to reach the Total Annual Inspection and Preventative Maintenance cost (D).

Total Annual Estimated Labor costs (E) are calculated by multiplying labor rates by estimated hours for each category, then totaling estimated labor costs.

Total Annual Estimated Parts with Mark-up costs (F) are calculated by multiplying parts mark-up percentage by estimated parts cost, then totaling parts mark-up cost and estimated parts cost.

Total Annual Estimated Combined Cost will be calculated by adding the sum of:

(D) Total Annual Inspection and Preventative Maintenance Service cost.

(E) Total Annual Estimated Labor cost.

(F) Total Annual Estimated Parts with Mark-up cost.

Repair hours are estimated as detailed on the Cost Proposal Form. Normal working hours are Monday-Friday 8:00am-4:00pm. Off Hours are Monday-Friday 4:01pm-7:59am and all-day Saturday and Sunday. Holidays are listed on page 21 in the Qualifications & Scope of Work, Working Hours, Section II.

Parts are based on an estimated dollar amount plus mark-up percentage. Parts Mark-up is not to exceed 20%. All bids exceeding this limit will be reduced to 20%.

In the event of mathematical errors, calculations will be done using Per Event Inspection and Preventative Maintenance Service Cost (A), Hourly Labor Rates, and Parts Mark Up percentages.

In the event of a tie bid, the award will be made by random selection.
