

Support Broker Authorization Form - Instructions

Instructions

Please follow the directions provided when completing this form. Failure to adhere to the standards established below will lead to either rejection of this form or Authorization revocation. Please note, factually false information included and submitted on this form may lead to immediate revocation of certification.

Section I – Identifying Information

Use your legal last name, first name, and the first letter of your first middle name. If appropriate and desired, enter a nickname, a professional name, or preferred alternates in the “Alternate Names” field.

Enter the address, phone number, and e-mail address you use for business purposes. Multiple e-mail addresses should be separated by a semicolon (“;”) only. The state must be the accepted two-letter abbreviation (e.g., New York is NY). The first five numbers of the zip code are the only numbers necessary in that field. The verification registry will include the established Broker Authorization Number, the legal name, the city and state from the address, and the effective date of authorization.

Support Brokers may provide services independently or as staff of an agency. An agency refers to a voluntary provider of Home and Community Based Services (HCBS). Only agencies listed in the drop-down are acceptable.

If employed by an agency, as defined above, please enter the name of the agency in the appropriate field. If you are not employed by an agency, please leave this blank.

If you choose to be included in the public version of the Broker Registry, it will not include the full address, but it will include the information from the verification registry, the e-mail address, phone number and the information from Section III, Section IV, Section V, and Section VI.

Section II – Experience

Enter the number of participants you anticipate working with in your first year.

Section III – Additional Languages (other than English)

Please select the languages you can understand and can communicate in. If you need additional room, or you can communicate in a language not included in the dropdown, please include that in the broker profile. Please be specific about what language you are indicating proficiency in (e.g., do not just indicate “Iroquoian languages” specifically cite “Onondaga,” “Iroquois,” etc.). The categories correspond with the categories utilized by the Census Bureau and represent a sample of the common languages spoken in New York. The list was held to the number you see to simplify completion of the form.
