November 22, 2021

2022 – 2027 Community HVAC and Hot Water Services in Cattaraugus, Chautauqua, Erie, Genesee, Niagara, and Orleans Counties for Western NY DDSOO – IFB WN 120621

Questions and Answers:

Below is a compilation of the questions received for this bid. Questions that were repeated, or of a recurring nature, were consolidated. Thank you very much for your interest.

1. Question: Will there be a need for jetting or back flow services?

Answer: **No.**

2. Question: In the detailed specifications section, the scope references providing (12) spare MERV 13 filters per air handling unit. Are we being required to provide 12 spare filters per air handler each contract year, or is that requirement once per 5 year period?

Answer: **The 12 spare filters per air handler are to be provided each contract year. The filters will be left on site and OPWDD will change the filters monthly.**

Respectfully,

Rebecca Whitaker, CMS 1,
