REQUEST FOR OPWDD CERTIFIED SITE BASED PROGRAMS
EMERGENCY OR TEMPORARY RELOCATIONS OR INCREASE IN CAPACITY

Please submit the following with (or as soon as possible after) the completed form:

1. Revised fire evacuation plan and training.
2. Documentation of a fire drill conducted within 24 hours of the relocation/capacity increase.
3. Training Roster/documentation indicating that staff unfamiliar with any individual/individuals/have completed training on what must be done to meet the needs of the individual(s). Also, if applicable, documentation indicating that staff, even if familiar with individuals, have received training to meet needs in a new/different/unfamiliar environment or when accommodating a larger number of individuals (if capacity increase).
4. A revised protective oversight plan for IRAs or staff plan for ICFs which reflects the residential team has evaluated the staffing needs and determined what, if any, changes are required.

DDRO notified (required)	☐		DDRO staff name/Title/Date of Notification:

Requests for a temporary increase in capacity or temporary relocation are approved for 30 days. Requests for an extension must be sent to the Bureau of Program Certification **prior** to the end of the 30-day period. Temporary relocations/ increases in capacity *can be approved for up to 90 days*. If a temporary relocation results in permanent relocation, it requires the agency to follow the appropriate discharge process including: RFO support, CON/CPPC approvals and due process.
